VIRTUAL

# Coast-to-Coast Networking Day

SATURDAY, NOVEMBER 7, 2020

Alumni from around the country will be joining us to share their Kohawk experiences. At Coe, our connections become your connections...starting now!

**12:00 PM - 12:45 PM**

## FULBRIGHT & NATIONAL FELLOWSHIPS

Coe has produced 32 Fulbright scholars in the last eight years, and students have been named Rhodes, Marshall, Goldwater, Truman and National Science Foundation finalists and winners. Learn more about what makes Kohawks stand out when applying for these prestigious awards.

**1:00 PM - 1:45 PM**

## PRE-HEALTH & NURSING

Coe is located in the Cedar Rapids MedQuarter near two Top 25 Teaching Hospitals and over two dozen other medical offices, which affords students many opportunities to volunteer, job shadow and complete clinicals. This experience leads to 85% of Coe students who apply being accepted to medical school, and 100% of nursing students being employed after graduation, among other stellar acceptance rates in the pre-health field.

## HUMANITIES & RHETORIC

At Coe, 100% of students are guaranteed an internship, research project or off-campus study program. That's why 40% of students study off campus, and Coe has been named the #16 Best School for Internships in the nation. Students have interned with state senators in Washington, D.C., explored space at NASA and had full-time internships turn into full-time job offers.

## BUSINESS, ECONOMICS & ACCOUNTING

Cedar Rapids is the perfect college town and has a lot to offer Kohawks studying business at Coe. With Fortune 500 companies, three medical centers, locally owned businesses and so much more, Kohawks have the opportunity to explore a variety of business-related interests through internships, the Spellman Summer Research Program and the Birkey Investment Fund.

## VISUAL & PERFORMING ARTS

If your passion lies in the creative arts, then you won't want to miss this! Hear from alumni and faculty about how the fine arts programs at Coe have prepared Kohawks for careers all over the nation in performance, art therapy, animation, costume design and SO much more.

**2:00 PM - 2:45 PM**

## SCIENCES

Coe is a host site to the National Science Foundation's Research Experiences for Undergraduates program, and students have presented their research around the world. In addition, 100% of chemistry students who have gone on to graduate school have received a full ride since 1985. See for yourself how our faculty and facilities make Coe renowned in the sciences.

## SOCIAL SCIENCES

For many years, nearly 100% of reporting graduates have been employed or in graduate school within one year of graduation. Explore how Coe prepares students for life after college while providing exceptional experiences both in and out of the classroom.

## PHYSICS & PRE-ENGINEERING

At Coe, 100% of physics majors complete at least one graduate-level research project before graduation. It's no wonder that since 1979, 100% of physics majors accepted to a graduate school have received a full ride.

*All event times are Central Standard Time. Prior to the event, links to virtual Zoom sessions will be provided via email.*
